FRIDAY, November 10, 1905.

The Democratic majority in Virginia is estimated at about 20,000.

J. N. Adams, Democrat, is elected Mayor of Buffalo, N. Y., by 8,881 majority.

The Democratic municipal tickets were successful in most of the towns and cities of Southern Indiana.

W. L. Johnson was re-elected Mayor of Cleveland and Patterson carried that city by a big majority.

W. L. Johnson was voted on in several towns in Lawrence county and is said to have carried in every instance.

The Democratic candidates in Boyd county, surprised the public worse than the Republican candidates did in Lawrence.

The Democrats carried Evansville in the municipal election by about 2,500, a gain of 5,000 over the election last fall.

Gov. Patterson's plurality in Ohio is 50,000, according to the latest estimate, and was never before equaled by a Democrat.

A Louisville girl says she carries every letter from her lover in her shirt waist till she gets another. Shirt waist or lover?

Tom Blue, colored, fell five stories in an elevator case this morning and is still alive.—Exchange.

After such a fall, it may safely be said that he is black and blue.

James W. Alexander, late president of the Equitable life assurance society, is still confined to a sanitarium, and will not be able to appear before the New York investigation committee. The keen sensitiveness shown to the scandal affecting his administration has greatly affected the popular judgment of him. It is in striking contrast with the disposition being displayed by the heads of rival concerns to hang on and brzen out the matter.

There are five thousand fewer post-offices in the United States now than four years ago. This might look like a decrease in the postal business, but that is not the case for it is the rural free delivery routes that have added the little post-offices out of business. While the post-offices are fewer in number the Roosevelt post-offices have been rapidly increasing. Eight years ago there was not an office of that name in the states and now there are seventeen in as many different states, with seven extra ones named Teddy.

The insurance scandals recall the fact that at the close of the Civil War Gen. Robert E. Lee was offered the Presidency of one of the large insurance companies of New York at a salary of \$50,000. He asked what would be his duties. The reply was that he would have nothing to do, but that his name would help the business of the company. Gen. Lee at once declined and said that he could not accept any position where he did not feel that by his efforts he earned the salary that was paid and then became President of the Washington and Lee College at \$3,500 a year. How do the McCalls and the McCordys stand beside such a man as Lee?—Elizabethtown News.

After months of political fret, worry, rifts (to some) endeavor, or let us put behind us the feelings and rancor of a hot campaign and go to work in earnest for the prosperity of Lawrence county. We are the same farmers, business and professional men to-day as we were before the election, and must live with the same neighbors and go to the same church. Our Republican friends lived and prospered under the Democratic administration of the county's affairs, and we are quite sure no Democrat will go out and hang himself because Judge T. S. Thompson will open court on the 3rd Monday in each month. We deem it the duty of every citizen of Lawrence county to do all he can for the good and for the prosperity of the county. Improve your farms, look after the good of your schools and churches, watch your stock, and forget, for a while at least, that politics exists.

A Doctor's Medicine

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong, medicine, a doctor's medicine. It cures hard cases, severe and desperate cases, chronic cases of asthma, pleurisy, bronchitis, consumption. Ask your doctor about this.

State Senator M. G. Watson.

Last week Dr. Morton G. Watson was the Democratic candidate for State Senator from the Thirty-second Senatorial District. To-day he is Senator elect after a gallant fight, won by superior merit and the will of a large majority of the voters in the counties of Boyd, Elliott, Greenup and Lawrence, without regard to political affiliation. The nomination to the office just won was the tender of the people and not of his seeking. He accepted it, believing that if elected he would be, under the circumstances, in a position to be of great service to the people of his district and the Big Sandy generally. That such service will be rendered there can be no doubt. Dr. Watson ran upon the platform of declaration to serve the people, and he will deliver the goods.

A word of personal history concerning the new senator may not be amiss just now. Dr. Morton G. Watson was born near Webbville, this county, thirty-six years ago. He obtained his scholastic acquirements in the schools of his county—in schools where he afterwards taught, and of which in later years he was the capable and honored Superintendent. Before engaging in public life, Dr. Watson studied medicine, graduating from one of the best Louisville medical colleges. Returning to his native county he practiced several years near his home and then came to Louisville, where his skill in his profession and his genial manner won for him an enviable popularity. But for a man of Dr. Watson's energy and enterprise there was, in this new Big Sandy of ours, something more inviting than pellets and poisons and of late years he has paid more attention to the development of this part of his State, and as was said at the beginning of this article he believed that he could materially assist in the betterment of this country and her people by assuming a more public life. Hence, when the Louisville convention asked him to bear the standard of Democracy in the Senatorial fight he cheerfully accepted the honor and the burden.

It is well known that our Senator-elect will champion the cause of Judge Paynter in the latter's fight for the United States Senate. Dr. Watson is equally well known that Judge Paynter, unlike Senator Blackburn, lives in this Congressional district, not far from the Sandy itself, and that he has always shown himself a friend to our people and a champion of their cause. Thus with a Senator at Frankfort and another at Washington our people may reasonably expect that their wants will not be neglected.

Where he is best known—this prime test of a man's worth—Dr. Watson is exceedingly popular. He carried the two Louisville precincts by the largest majority ever given a candidate, very many Republicans testifying to their appreciation of the man by giving him their support. He led the ticket in the county by 215 votes.

A New Regime.

With the advent of 1906 a new administration for Lawrence county affairs will be inaugurated. From County Judge to Coroner the Democratic officials who have held place four eventful years will step down and out, and from Coroner to County Judge the Republicans who were elected last Tuesday will step in and up. The Fiscal Court will be composed of five Democrats and three Republicans with a Republican County Judge to vote in case of tie. The change has been sweeping and radical, greater than has ever been known before in the last thirty years at least. The change has been a keen and painful surprise to many, and these, at least, are not prepared to say that the change is going to be for the better. Perhaps a change about some lines was needed, but no doubt the Democrats thought they were competent to make any changes necessary without the aid of the enemy.

It is idle to speculate regarding the cause or causes of this political transformation, and it is equally useless. An analysis of the vote and the majorities reveals nothing explanatory. Deep and apparently well laid plans were knocked in the four wards, and bread-and-butter politics was again the waters seems to have been allowed up, for so far as the county ticket is concerned none of it has returned.

The ticket put out by the Democrats undoubtedly had some of our best and most competent people on it, but from the returns we must believe that a majority of the voters in Lawrence county thought better of the opposing candidates, otherwise the power would have had a more joyous ring to its crow. In the meantime we solve ourselves with the knowledge that some elections were held elsewhere and with entirely different results.

The Government printing office is under investigation and being accused of wasteful and even vicious extravagance, but what of Congress who authorize the printing and distributing of these vast numbers of useless documents with which it is constantly trying to buy votes?

This paragraph appears in the Todd County Progress: "Curious ideas as about anatomy prevail in the press. It was stated the other day that a man was 'shot in the ticket office.' Another paper says that a man was 'shot in the suburbs.' 'He kissed her passionately on her appearance.' 'She whipped him upon his return.' 'He kissed her back.' 'Mr. Jones walked in upon her invitation.' 'She assailed herself upon his entering.' 'We thought she sat down upon his leg.' 'She fainted upon his departure.'"

VICTORY

For Democrats in Many Places.

Ohio Flops Entirely Over, and Even

Pennsylvania Goes Democratic.

WATSON WINS FOR STATE SENATOR.

Generally speaking last Tuesday was a Democratic day. Lawrence county Democrats are hardly in position to join in the celebration with their brethren elsewhere with as much enthusiasm as usual. But there is one victory which goes far toward allaying the pain, and that is the election of Dr. M. G. Watson to the State Senate. The district last year showed a Republican majority of 1500. Dr. Watson is elected by 215 to 100.

WATSON'S MAJORITY.

Just before going to press a telegram was received from Elliott county giving Dr. Watson's majority there as 418. The message also states that M. M. Bedwine, for Representative, carried the county over 600.

This elects Dr. Watson to the Senate by 250 majority.

Boyd county surprised everybody by electing a full Democratic county ticket, and even the city of Ashland chose a full Democratic set of officials. Carletonburg did the same. The State of Ohio including the city governments of Cleveland and Cincinnati, are solidly Democratic. Pennsylvania is Democratic, electing the State Treasurer, the only State office voted for. In Philadelphia the Republican ticket was defeated.

OHIO.

Columbus, O., November 8.—Chairman Farber issued the following statement Wednesday afternoon: "Clatiffon has carried Ohio by not less than 25,000, and the State ticket will have a sufficient plurality. The Legislature is Democratic in both branches. The result is due not only to the splendid Democratic organization in the counties throughout Ohio, but to the patriotic independent Republicans, church organizations and the independent press." While Mr. Farber gave out no figures as to the Legislature, Secretary Finley estimates that the Senate will be composed of 21 Democrats and 18 Republicans. He ventures no opinion as to the House, except that it will be safely Democratic.

The significance of the election is apparent in the fact that the government amendment to the constitution was carried by a majority of 100,000. It will be in existence for three years. As the constitution requires "triennial sessions," there will be two sessions of it, and lots of legislation no doubt. The Democrats are already talking of redistricting the State for Congress. They will elect a United States Senator.

In Cincinnati Boss George B. Cox was turned down by a large majority. He announced that he was a free man from politics. He is very much in the same position as the late Mr. Cox, who told his services any longer, "got mad and quit."

Hamilton county also went Democratic.

GENERAL ELECTION SUMMARY.

Associated Press dispatches Wednesday show the following election results. NEW YORK.—The city of New York, complete, but unofficial, gives McCheslin 3,485 plurality over Hearst. William Travers Jerome, Ind., district attorney, re-elected. Alfred S. Ceder, Municipal Ownership, elected borough president of Brooklyn.

PHILADELPHIA.—Complete returns

from every ward in the city gave a plurality for the City party of 41,351.

MARYLAND.—The proposed constitutional amendment, whose alleged purpose was to disfranchise negro voters, was defeated. Republicans elected the State comptroller and city officials. Political complexion of Legislature uncertain.

VIRGINIA.—The Democratic party's closest advisers say we will certainly vote for Paynter and that Blackburn is already left at the post. They go a little further and say 25 Senators and 25 Representatives are irreversibly to Paynter and that the most that Blackburn can get in the caucus is 25 votes in all. These look like extravagant claims under all the circumstances, but the Paynter adherents talk and act like it is all over, not the shouting and laughing at any suggestion that hints at the other hand, the legislators who are for Blackburn are warmly for him and they say that he has the race won.

MASSACHUSETTS.—The Republicans elected Chris Guild, Jr., R. governor by 29,335 plurality, and E. S. Briggs, R., lieutenant governor, by 29,942.

SALT LAKE.—The American party, an Mormon, defeated the Democratic and Republican candidates for mayor and legislature. The city is actually unchanged, with a good working Democratic majority.

NEW JERSEY.—Republican claims to legislative sufficient to postpone any Democratic successor in United States Senator Dryden.

REPUBLICAN ELECTED.

The latest report is as follows: Grayson—Complete returns of Taylor County give Reelwhite, Dem., Representative of the One Hundredth District, U.S., Thornburgh, Rep., 1201 Elliott county reports 512 majority for Reelwhite. The entire Republican ticket was elected in three counties.

MISSOURI.—Complete county returns for State Senator, Watson, 1,111, Hannin, 1,215. Representative vote, 1,189 Hannin, 1,245. General election amendment, yes, 261, no, 162. A big mistake in the count from Russell has been discovered, which, when corrected, will reverse the vote and elect Able, Dem., to the Legislature, and also give the Democrats the Court.

BOYD COUNTY.

Democrats had candidates out for all county offices except County Judge, and elected all of them except Coroner. Among the number we are glad to say was John W. Woods, a son of Judge Woods, of this county. He was elected County Attorney. John is a splendid young man and has rapidly come to the front since leaving in Ashland about four years ago. The County Judge is R. D. Davis, Republican, president of the Second National Bank in Ashland. Ellis Lawrence, County Clerk, was elected for the third time, by a majority of 342 over John Voss. Will Geiger was elected Sheriff over Robert Russell by 129. P. S. Macdonald beat Rols, Jr. for Jailor, Dr. A. H. Moore, Republican, won for Coroner. He is a Lawrence county product, a son of Earl Moore, of Wilbur.

In Ashland Joe Mathewson, Democrat, defeated Mayor. Glen by about 100. Will Hampton, son of Officer Hampton, was chosen Police Judge.

In Carletonburg Robert A. Field was elected Mayor, and James McConnell Police Judge.

Greenup, Ky., Nov. 8.—Greenup county gave Farnum 250 majority over Warren for State Senator, and Hannah 61 over Cole for Representative.

Jackson, Ky., Nov. 8.—The Republicans have on the face of the returns a majority for Sewall, 318, for Griffith, 312; for McBee, 270. H. F. Davis was elected Magistrate in the city precinct.

Reports just received from Morgan county indicates the defeat of Sam Wheeler, the Democratic candidate for Senator in this, the Thirty-fourth, district.

Lexington, Ky., Nov. 8.—J. C. Tuck, an intimate personal and political friend of Judge James H. Hargis, of Breathitt county, and one of Judge Hargis' attorneys in all his recent trials, arrived here from Jackson last night. He states that when he left Jackson the election of Taulbee over Hargis for County Judge was considered assured by a majority of 400, and that he believes the majority will be even greater. He says the Hargis forces went completely to pieces early in the afternoon and conceded the election of Taulbee.

Pikeville, Ky., The Republicans elected their entire ticket in Pike county. Ford wins for County Judge by 250 majority.

Martin county the regular Republican ticket was elected with the exception Chas. Smith, for Sheriff, who was defeated by Joe Maynard, Independent Republican.

PAYNTER WILL WIN.

Frankfort, Ky., November 8.—The victory of yesterday means Paynter for United States Senator. Henry Lawrence for Speaker of the House, and Eli Brown and Harvey McCheslin for Prison Commissioners.

Of the 100 Democrats Judge Paynter's closest advisers say we will certainly vote for Paynter and that Blackburn is already left at the post. They go a little further and say 25 Senators and 25 Representatives are irreversibly to Paynter and that the most that Blackburn can get in the caucus is 25 votes in all. On yesterday arrangements were perfected whereby Huntington is to have another big wholesale establishment. A company has been organized for the purpose of opening a wholesale drug house in that city, and it is expected that it will be ready for business by January 1st. The leaders in the company which will be capitalized at \$100,000, and carry the heaviest stock of any drug house in the state, are Fred Roelke, the well known Third Avenue pharmacist, who is an Ironton boy, and was formerly with him in Catlettsburg, Congressman James A. Hughes and others.

Prosecuting Atty. Waugh, of Grayson, has purchased the opera house there and has begun a thorough overhauling and repairing of the same. He has employed John Ford, of this city, to construct and paint the new scenery for the house which will be opened some time this month by the Park City Minstrels.

John has made a good many people dance to his music in the various court houses in his district, but we presume his Grayson venture is in a different line.

A New Maud Muller. Maud Muller on an autumn day, Tanned and brown from making hay, Stood by the kitchen table, where A pumpkin stood, all golden fair. She peeled the slices, one by one, Each piece as yellow as the sun. And then she put it on to stew. (The pot she used was white and blue.) She took a lot of eggs and milk And spice and fillings of that same ilk. And made a filling rich as gold. And later poured it in a mold. She had made from shortened dough, Then put it on the stove, you know. The Judge came by and saw the maid. His auto car in haste he stayed And to the window still he came And softly murmured Maudie's name. She sat on him a startled eye. Then handed him a piece of pie. He took a bite—the pie was great. He knew at once he'd met his fate. Her cheeks were pink, her lips were red. As he, the Judge, with ardent soul, "Ah Maudie, dear, come be my wife And bake my pies through all my life." She bowed her head and smiled a smile. But she forgot that all the while That as he heard her softly sigh Her pie was burning to a crisp. She took his ring and named the day. And then she swiftly rode away. And then she turned to get the pie But it was burned, black and dry. "There in the hungry phyllo lay," "He's worth one pie," she softly said.

Men Who Breathe Deep

not only live long, but think hard, plan well and protect their estate by Life Insurance.

Such men will be interested in reading how the greatest trust fund in the world is invested, as described in "A Banker's Will." A curious provision of his will is well worth considering. Send to-day for the pamphlet.

"THANK THE LORD"

By Christ Hannah Plant, of Little Rock, Ark., for the relief from the sufferings of the Ankle Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for five years. I am a marvelous healer for cuts, burns and wounds. Guaranteed at A. M. Hughes' drug store.
